Years from now
Iâ€™ll want you years from now
And Iâ€™ll hold you years from now
As I love you tonight

You are my one true friend
Always my one true friend
And Iâ€™ll love you til lifeâ€™s end
As I love you tonight

I know this world that we live in
Can be hard now and then
And it will be again
Many times weâ€™ve been down
Still love has kept us together
The flame never dies
When I look in your eyes
The future I see

Wanting you years from now

And holding you years from now
And loving you years from now
As I love you tonight

I know this world that we live in
Can be hard now and then
And it will be again
Many times weâ€™ve been down
Still love has kept us together
The flame never dies
When I look in your eyes
The future I see

Wanting you years from now
And holding you years from now
And loving you years from now
As I love you tonight
