I'm your friend you can talk to me
I read your fate I see misery
'Cause the one you love has left you dry
Don't start believin' that you're gonna die
Just pick your heart up off the floor and try, try again

You'll find
Better love next time baby, don't give up and I know
you're gonna find
Better love next time baby, someone will be waiting
down the line
With better love, better love, better love, better love
next time

Sometimes it's better to let it all go
I've been there and I think I should know
So have a good cry, wash out your heart
If you keep it inside it'll tear you apart
Sometimes you lose but you're gonna win if you just, if
you just, keep hanging in

You'll find
Better love next time baby, don't give up and I know
you're gonna find
Better love next time baby, someone will be waiting
down the line
With better love, better love

Better love next time baby, don't give up and I know
you're gonna find
Better love next time baby, someone will be waiting
down the line
With better love, better love

Better love next time baby.....
