(Shel Silverstein)

Some men need some killer weed, some men need  
cocaine  
Some men need some cactus juice, to purify the brain  
Some men need two women, some need alcohol  
Everybody needs a little something, but Lord I need it  
all

To get my rocks off, get my rocks off  
Get my rocks off the mountain, and roll 'em on down  
the hill

I may do you one time, and I may do you more  
I may turn you into something, that you ain't ready for  
I might want your body, and I might want your bread  
I might want your momma to come visit me instead

And get my rocks off, get my rocks off  
Get my rocks off the mountain, and roll 'em on down  
the hill

Sometimes I dream of chicks, to bring me ever lasting  
joys  
Sometimes I dream of animals, sometimes I dream of  
boys  
Sometimes I kill the living, sometimes I raise the dead  
Sometimes I say just screw it all, and crawl back into  
bed

And get my rocks off, get my rocks off  
Get my rocks off the mountain, and roll 'em on down  
the hill
