Got that feeling first time I saw you
Wasn't no doubt what it would be
Head was spinning like a jet engine
Threw me so high I could hardly see

Lightning lover, hurricane woman
Come on baby just you and me
When I'm with you I don't want no other
Come on Jane up that tree

Oh and now you're giving me so much pressure
Makin' it such a task to stay
I tell you honey, it's you is my addiction
Can't let nothin' take you away

Oh I thought I was hungry when I was smokin'
Burnin' fifteen joints a day
Reckon that's just a drop in the ocean
Baby better not sail away

Don't, no don't, don't sail away
Baby don't, no don't, baby don't sail away
Don't, no don't, don't sail away
Baby don't, no don't, baby don't sail away
