(Lee)

I couldn't believe, the temptation that came with you
Oh I never knew
I couldn't believe, the amazing things that I would do
Oh when it came to you

But I believe it now when I put my arms around you
There ain't no doubt about it when I lay my hands upon
you
I believe, I believe

I couldn't believe, another pretty face like you have
Hey could lay me out
I couldn't believe, how easily you broke me
And I've been around

But I believe it now when I put my arms around you
There ain't no doubt about it when I lay my hands upon
you
I believe, I believe

No matter where else I go
No matter who else I hold
You better keep it intact
'Cause I'm coming on back to you
Coming on back to you

I couldn't believe, the temptation that came with you
Oh I never knew
I couldn't believe, the amazing things that I would do
Oh when it came to you

But I believe it now when I put my arms around you
There ain't no doubt about it when I lay my hands upon
you
I believe, I believe

I believe it now, I couldn't believe
I believe it now, I couldn't believe.....
