If makin' money was easy as spendin' money
I'd have spendin' money to spend on you
Believe me honey, I'd be spendin' money like a fool

I know all of my money is nothin' but spendin' money
To a rich man in Park Avenue
Y'know I haven't got a lot, but what I got I wanna share
with you

Chorus:

Natalie...the moonlight is for free and it does not cost a
dime to spend time here with me, Natalie
Natalie...the moonlight is for free and it will not cost a
dime to spend time here with me, Natalie

All the money in the world
All the silver and gold can't buy a love to hold on to
But, Natalie...the moonlight is for free and it will not
cost a dime to spend time here with me, Natalie
Natalie...the stars up in the skies are like diamonds in
your eyes; when you smile smile for me, Natalie ..

Repeat Chorus

Natalie...Natalie...Natalie
