Better move fast, gotta travel light
Don't let nothing pass, when you're in the night
Wonder who's the who, if you don't know what's the
what
History... make me wonder ...
Got my attention, on all that I've witnessed
My nuclear vision is a everybody's bizness
We're living here in the kingdom of izzness
Can't find our ... no matter what we do
Here... didn't have a clue
History's a mystery, of the chosen few
Don't matter if you moving ... of jew
...mason, in the all voodoo
My nuclear vision is a everybody's bizness
We're living here in the kingdom of izzness

The world is lost, everybody's bizness
The world is lost, is everybody's bizness
In the kingdom of the izzness
Can I get a witness? Yeah, yeah

Don't know who we are, where we are
In the middle of nowhere and I . far
...we can, when where we stand
Lost in confusion, I hope that somebody knows a plan
Got my attention, on all that I've witnessed
My nuclear vision is a everybody's bizness
We're living here in the kingdom of izzness

Better move fast, gotta travel light
Don't let nothing pass, when you're in the night
Wonder who's the who, if you don't know what's the
what
History... make me wonder what
Got my attention, on all that I've witnessed
My nuclear vision is a everybody's bizness
We're living here in the kingdom of izzness.
