I know...
You have this doubt inside
Again...
We have the chance tonight

Every touch...
Every move you make
A single word...
Can change my way of life

Deep in my heart
I know...
That you ain't gonna leave tonight
No one like you
Can show...
What love can really move inside

Deep in my heart
I know...
You don't need to be free
Someone like you
Can show...
What love is really meant to be

Deep in my heart...

You know
Every touch...
Every move you make
A single word...
Can change my way of life
