(CHORUS)

You'd better watch out for
The eggplant that ate Chicago
For he may eat your city soon
You'd better watch out for
The eggplant that ate Chicago
If he's still hungry
The whole country's doomed

He came from outer space
Looking for something to eat
He landed in Chicago
He thought Chicago was a treat

It was sweet
It was just like sugar

(CHORUS)

Wha wha wha...

He came from outer space
Looking for something to eat
He landed in Chicago
He thought Chicago was a treat

It was sweet
It was just like sugar

(CHORUS)

It's in trouble

If he's still hungry
The whole country's doomed
