I think you know
That it's not my way
And I can't hold back
What I've gotta say

Wanna tell you
What I'm going through
As I see it in your eyes
You're feeling the same way too

Seems like we've
Been waiting so long
And lately it's been
Coming on much too strong

[CHORUS]

The way that I want you
The way that I need you
I'll keep you here just
As long as I can keep you
We can have everything
If you love me tonight
It's gonna be alright tonight
We've gotta break away
We've gotta break away

I can't hide what I
Been feeling all along
Cause deep inside you know
We can't be wrong

I've decided now
The rest is up to you
Don't keep me waiting
Tell me what to do

Seems like we've
Been waiting so long
And lately it's been
Coming on much too strong

[Repeat CHORUS]

Don't keep me waiting
Knowing you'll say
That you want to

Tell me you want me
As much as I feel
That I want you
We can have everything

Oh, yeah
We can have it all
If you love me tonight
It's gonna be alright tonight
We've gotta break away
We've gotta break away

Tonight, tonight
It's gonna be alright tonight
