Aggression takes over like a drug  
Adrenaline rushing through  
Intensity too strong to control  
Fueling the need, exciting the greed

Violence, distorted reality  
Seeing red, clouded judgment  
Feeding off your fear  
Intensity too strong to control  
Fueling the need, exciting the greed

Bloodlust, rage  
Feeling your life struggle in my grasp  
This is your end  
Broken, defeated  
I WANT BLOODLUST, RAGE  
Nothing less than crushing your skull  
There is no end  
Blinded, insane  
I WANT MORE

AGGRESSION  
VIOLENCE  
INTENSITY  
BLOODLUST
