A soul not worth saving in the eyes of the weak  
Stronger than all of their fake beliefs  
Reality crushing the hypocrisy  
An unmoving stone in the path of the meek

Curse of salvation  
I will never be saved  
GROVEL FOR ME BASTARD SON  
My hate will never fade

Your words do not move me  
Your "heaven" I defy  
My laws are my own  
Your resurrection I deny

I obstruct your path to righteousness  
I won't speak his name  
Always one step ahead of you  
But in your eyes "left behind"
