[Drag-On]  
Uh, let's go  
Whoo! Drag-on baby

[DMX]  
Come on

1 - [DMX]  
My niggas is the niggas that'll ride with me  
My niggas is the niggas gettin' high with me  
My niggas is the niggas that'll die with me  
And we can get it on

Repeat 1

[Drag-On]  
Rigga niggas wanna see the Dog nigga bite  
But this kid Drag strike a light  
Fuck five mics, my fire burn the wire  
Cause we the niggas that plug  
Wrap 'em in the rug  
Flames mini blowing on my hands like dust  
Chicks wanna slurp?  
Ya guaranteed I'mma make 'em burp  
Just push your teeth to the curve  
And hum a word  
Some nerve, cats think they can touch the torch  
You don't know about my gun just for me to toss  
Fuck with the cars  
I don't care what kind of drop ya pushin'  
I put my fifteen through your top and dump bullets  
Yeah I see y'all cowards like to wear vests  
Well I'mma aim a little higher like for you neck  
I puff lye, I'ma lift blunts till my arm look like Popeye  
Til the day is bye-bye  
Til then 300G fly by, rented  
So foggy windows look tinted  
We just be lookin' at your Roley at dem hot shows  
So go 'head boy, get drunk, pop that Mo'  
Until I pull ya to the side, see the nine kid?  
And since you got that nice watch

You know what time it is  
Cause Drag's clock say 7:30  
So sudden move and you gon' be left somewhere  
Real dirty, dirty  
Double R, a camp where it's all champs  
And if y'all want to stop fire, open up a 'dant

Repeat 1 (2x)

Bet'cha niggas always wonder  
Why Drag always spit fire?  
Why y'all always pop shit?  
About how I burn niggas till they chocolate  
Cause I'm the opposite of H2O now ya know  
Fix your wrinkled face, my iron press more than clothes  
And girls I love 'em when I meet 'em  
Might eat 'em  
But when they act up, it's like Turner Tina  
Don't me get the burner  
Catch me in the low key Pontiac Sun sippin' Con-gac  
Y'all know how that affects blacks  
So you know I clash that  
No way I'mma blow all these gats and crack stacks  
I'mma lil' nigga so you know I run fast  
But don't do much of it do a lot of gun busting  
Cause when I let off a clip I get a kick  
Outta seeing niggas run eyes open, hoping they don't  
trip  
Ya hear the echoes blocks away  
Type of bricklayers that hear shots today  
And give your blocks away  
Run up on papi hey drop the yay  
And if he don't stall  
This world be popped tomorrow  
Drag-On speaks with a stutter, but I rhyme well  
So like a dead snitch it's hard to tell  
Dirty, dirty niggas word  
This is to my grimy, grimy niggas word  
This is to my RR niggas, word  
Yeah cause we double R niggas ya heard?  
(Come on)

Repeat 1 (6x)
