"Death From Agony"

Visit "[Death From Agony](#)" on MotoLyrics.com

One day I saw
Dying man
Ive stand over him
Felt disgust and compassion
I havent seen his eyes
Ive seen begeting death
Death begeting from agony
Death begeting from pain
Ive heard the vioce of your world
Ive heart your mercy
Ive heart frightened and blind
Now Im thinking about agony
Thinking of suffering
I think when Ill go away
Closed mouth
Say anything now
But theres all in the silence
And agony is saying herself
Oh, alien world
Burning
Tell, how to make you and ruin as well
Cause the death its only a mercy
Oh, alien world
Burning
Ive heard your voice
Thinking of suffering
Silent with worse irony
I hear your voices
