It's a happening thing
And it's happening to you
Full moon and thunder
Ribbons (rivers?) of blue
Ice on the window
Ice in my heart
Fooling with thunder
Everytime we start

PRE-CHORUS

It's been raining for so long x2

Is it any wonder
The streets are dark
Is it any wonder
We fall apart
Day after day
The rain falls down
All over town
Rain falls

PRE-CHORUS

It's been raining for so long x2

CHORUS

Don't you go out in the rain
Don't go out in the falling rain
If you go out in the rain
We'll never be the same again

It's a happening thing
And it's happening to you
Full moon and thunder
Ribbons of blue

PRE-CHORUS (x2)

All of these feelings are still so wrong
We never thought they were so strong
It's been raining for so long
It's been raining I can't go on
