Bit by bit My heart is charmed  
With that dazzling smile  
Let's flee from the endless darkness Hold my hand

You see, when I met you  
I remembered the view which I had treasured when I  
was a child  
Won't you dance with me

The winding road of light and shadows Even now,  
you're dreaming of him?  
There are times when it seemed like I wanted to turn  
back but  
Holding love, courage, and pride, I shall fight

Bit by Bit My heart is charmed  
A piece of hope in this world  
Anyone surely wants to have eternity in his hands  
Even if I pretend not to mind at all  
Hey Even if he has a crush on you  
Let's flee from the endless darkness Hold your hand

Also tired of angry faces  
I also like you  
I wonder if it's all right to live such a harried life  
As for me... Spun around

By casual gestures Sea Side Blue Or are you still  
dreaming of him  
I had something more I wished to ask but  
Our conversation just goes like the sound of car wheels  
dancing around

Bit by Bit My heart is charmed  
Even one's self is wonderful  
Something's there I suddenly feel like calling you  
Even if I pretend not to mind at all  
In the end all I see is you  
Let's flee towards the sea Hold my hand
