When I need to replace her
I am the Mind Eraser
Anything goes, yeah, anything goes
Got this sin in our brain
But she ain't gonna see me again
See me again, this I know
But oh, deep down I can't let go
Oh, don't let it be over, over
Oh, don't let it be over, let it be over, no
Seein' me stack up my woes
Into a wall, around a rose
'Round the rose, and now she knows
Oh, it hurts so, I can't let go
Oh, don't let it be over, over
Oh, don't let it be over, let it be over, no
(soulful interlude)
Oh, don't let it be over, over
Oh, don't let it be over, let it be over, no
