You walk around in other towns
I've seen you out just hanging around
It's what you chose and I suppose
You'll need me one day
Need me one day

You throw away every other dream
Taking nova baby to the dollar machine
That party dress is such a mess
You'll need me one day
Need me one day soon

All your enemies
Smile when you fall
You take it cause you
Don't know what you want
Don't know what you want

All this love of mine
All my precious time
You waste it cause you
Don't know what you want
Don't know what you want

There go the kids, the have-nots
Elevator ladies in the parking lot
You saw it all and I recall
The dream you told me
Dream you told me

This empty heart you left me with,
The ribbon on my parting gift
I'm falling hard for every yard
Of the dream you sold me
Dream you sold me

All your enemies
Smile when you fall
You take it cause you
Don't know what you want
Don't know what you want

All this love of mine
All my precious time
You waste it cause you
Don't know what you want
Don't know what you want
