"Till I Get My Way"

Love me, don't leave me
Make me feel you need me
Kill me, thrill me
Don't you know that I will be

Callin? on you everyday
Till I get my way

Darling, I wonder
How you pulled me under
Kill me, thrill me
Don't you know that I will be

Callin? on you everyday
Till I get my way
Till I get my way

Darling, remember
The cold, cold nights in December
Kill me, thrill me
Don't you know that I will be

Callin? on you everyday
Till I get my way
Till I get my way
Till I get my way
Till I get my way
