Come on Cherry, Cherry
Your still very young
And we only just started having fun
I'm picking through and I choose you, you're so cool
No need to save yourself for someone else to come

So we went completely wild
We kicked over a city street light
And Saint Thomas was vandalized
And I'm sorry but I'm not surpr-i-i-i-ised

Pick up the phone
Pick up the phone
Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Whoa oh whoa oh oh (4x)

Oh Cherry, Cherry
Ill read your fortune
It says your too serious and such
But I learned one thing Cherry
You should understand
That nothing really matters very much

So we went completely wild
We were married in the Vegas style
And our families were scandalized
Now I'm sorry but I'm not surpr-i-i-i-ised

Pick up the phone
Pick up the phone

Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Whoa oh whoa oh oh (4x)

Yeah we started the fire, it's a good joke
Pleated it down til it was up in smoke
So tired of living round it
Let the fighters drowned it

And well go down in the books
Whoa oh

Yeah we started the fire
And its burnin up (Whoa oh)
Everywhere around us take a photograph
But if they ever found us
They'd have us surrounded so pick up
You know you gotta pick it up
Whoa oh oh

Pick it up (Whoa oh oh)
Cherry pick it up (Whoa oh oh)
Pick it up oh ooh

Pick up the phone, pick up the phone
Congratulations I'm having visions of us
Breaking everything on our way outta town
Were going places you've never dreamed of
Whoa oh whoa oh oh (4x)
