I get a little bit vicious  
That's why you love me  
Because you can't resist it  
You do anything for me  
You want out but we're off the ground  
So pick out your parachute  
Cause I'm not gonna let you down  
I won't let you get away it's not that easy anyway

I don't want to know and I want you for the cause  
How does anybody get anything done?  
You depend on us  
You'll never get to heaven as the radical son  
Just keep it up you soldier

You won't help I can't help  
I've got to make you understand  
You gotta take it like a man

Do you need a dozen roses  
Would you like a box of chocolate?  
Is it really such a deep cut  
That I have to come and stitch it up

Yeah I get a little crazy with the razor blades  
Go on and call your mama if you need a band-aid  
But everything worth it hurts a little bit

You don't want to run away, and I won't let you anyway

'Cause we're doing it for the cause  
How do you suppose I get anything done?  
You're making it so hard  
You'll never get to heaven as the radical son  
Keep it up soldier

You won't help I can't help  
I've got to make you understand  
You gotta take it like a man

I want you for the cause  
How does anybody get anything done?

You depend on us  
You'll never get to heaven as the radical son  
Don't be running off  
Cause this is love  
What did you think it was?  
Ooh.The thing is love, love  
So don't go!

You won't help I cant help  
I've got to make you understand  
You gotta take it like a man  
Take it like a man  
You gotta take it like a man  
You gotta take it like a man
