Waiting for you to come around
'Cause you're back in town
I gotta try my luck
Yeah, I know there's someone
If I could only bring you down
To my moral low ground
Your buttons won't budge
And I want you undone

Why don't you get up
And walk away
If it's getting too hot
For your cool body
I've been trying so hard
Not to really want you
And your bloody sainthood
Oh your divinity only makes me feel dirty

Chorus:
Your heart full of goodness
Speaks to my devil inside and I crave it
Makes my desire insatiable
And you ever so untouchable

If there's a way then let me though
To the bad side of you
Under all your virtue
I know it's in there
I never said that I was good
I never tried to be true
But you know that, don't you
And you're still here
Go on get out
Save yourself
Because you know what I'll do
If I'm allowed

Look I've been trying so hard
Not to want to break you
Make you into a sinner
But your purity makes my thoughts more unholy

Chorus:
Your heart full of goodness
Speaks to my devil inside and I crave it
Makes my desire insatiable
And you ever so untouchable

Oh I'm the devil you know
I'm the devil you know
And a fire is burning my kingdom below
So why you coming so close
And all your bells are ringing out as you rise above
Oh and I want to believe
You don't know what you're doing
When you open the door
To the devil you know

Go on get up
And walk away
If it's getting too hot
For your cool body
Look I've been trying so hard
Not to really want you
And your bloody sainthood
Oh your divinity only makes me feel dirty

Chorus:
Your heart full of goodness
Speaks to my devil inside and I crave it
Makes my desire insatiable
And you ever so untouchable
