Lost in a dream
Finally it seems
Emptiness and everlasting madness
See the sadness grow
Watching as we know
Long before our the journey for the world

Call for us
The power in all of us
So far beyond the blackened sky tonight

Glorius
Forevermore in us
We are victorius
And so alive

We'll all find our sacrafice tomorrow
Our journey on towards a brighter day
Silent tears we left behind still so far away
Across the endless sands through the fields of our
despair
Free for all eternity we stand , yeah
Rise above the universe tonight
Starchaser

Fly towards the storm
See the world reborn
Feel the pain inside the voice of sorrow
Cross the distant shores
Find the open door
Stand alone in judgement for tomorrow

Years of pain still haunt us all
We saw the last sunrise
Take me home in freedom for a lifetime
Pray now for the silence and the last tears we'll cry
So glorious the fire inside

United we stand and we'll all find our sacrafice
tomorrow
Our journey on towards a brighter day
Silent tears we left behind still so far away

Across the endless sands through the fields of our
despair
Free for all eternity we stand, yeah
Rise above the universe tonight
Starchaser

Free from this world
Here for the last time
Oceans collide inside of us all
Believe who we are
The phoenix will guide us
Freedom will rise once again

Save us tonight, the last hope for all of us
Lightyears gone by, we're still holding on
Save us tonight
A star shines in all of us
Far beyond our lives
Still the glory lives on

And we'll all find our sacrifice tomorrow
Our journey on towards a brighter day
Silent tears we left behind still so far away
Across the endless sands to the fields of our despair
Here for all eternity we stand, yeah
Rise above the universe tonight
Starchaser
Starchaser

Our kingdom come, we stand as one
And we will live for always
Evermore
