Strangers they come with the rise of the sun,
To escape from this madness forever,
Rivers will dry, bringing holes in the sky,
As the empire is fading away.

Silently watch now, and the lost souls run wild,
In a time long forgotten, forever,
Hate brings us sadness and the dawn of the world,
But this nightmare will still carry on.

Through the day we'll find a way, we're lost beneath
the stars,
Faceless they follow, and we all stand as one,
Long wasted tears, but the laugh forever shining,
One stand one last command to end it all.

[Pre chorus]

Outside the world in a fallen land, turn away from my
despair,
We stand alone in a silent dream, lost within eternity,
Whoa, oh oh ohh,
Whoa, oh oh oh ohh,
Rise again and try to understand.

[Chorus]

The light for the world will save us tonight,
Redemption still so far away,
Marching on inside of our loneliness,
Still searching for all that remains.

And time will pass me by,
The light not so far away,
Will the sons of the night, now our blood runs into the
ocean,
Tomorrow we're gone, our souls rising up to the sun.

[Chorus]

The light for the world will save us tonight,
Redemption still so far away,
Marching on inside of our loneliness,
Still searching for all that remains.

It's just one wasted life, in one wasted land,
Suffering so far, and so alive,
It's just one wasted man, in one wasted land,
Until the end of time,
Inside the winter storm.

[Pre chorus]

Outside the world in a fallen land, turn away from my
despair,
We stand alone in a silent dream, lost within eternity,
Whoa, oh oh ohh,
Whoa, oh oh oh ohh,
Rise again and try to understand.

[Chorus]

The light for the world will save us tonight,
Redemption still so far away,
Marching on inside of our loneliness,
Still searching for all that remains.

It's just one wasted man, in one wasted land,
Suffering so far, and so alive,
It's just one wasted man, in one wasted land,
Until the end of time,
Inside the winter storm.
