[Aguzzi]

Warm blood, flowed from the veins  
You hoped in their suffering  
God says: I forgive you  
Hell awaits, are you ready?

[CHORUS]

You can't breathe  
You can't fight  
Trapped as your killed prayers  
Now you will pay  
Unforgiven  
My sentence for your crime:  
... You must die!

Sweat of the lips, the sign of your fear  
No remorse, I will see your end  
Electric lightning will take care of you  
Wrong or correct... I have nothing more

[CHORUS]

Leather straps, shut your hands  
Hypocrisy has disappeared  
I wanna enjoy the fire of revenge  
My life is destroyed, it's your turn now

[CHORUS]
