Musik: Holmlid, Magnusson, Heidgert Lyrics: Heidgert

We have to fight for our freedom and lives  
Nigh and day for light we pray  
Who'll stand victorious we are but a few  
Riders of light vanquish the night

Holy War

As we thrown into the ocean of fear  
Light shall subside to answer our pleas  
Thus as we struggle through  
This harsh winterstorm  
Frozen and cold we will fight on

Soon we will face our foes  
Thousands and thousands  
They're coming towards us to slay  
We will fight 'til the end if we can  
Many will die by our hands  
But will it be good enough?

This is our holy crusade of light  
We have to fight for our rights to live  
This is our golden crusade of light  
We have to fight to survive  
Holy War

[Solo]

We'll engage your blindind rage  
And we'll fight like never before  
We shall stand for Dragonland  
And I swear yiu will die by my lightguided hands

With our powers we will save our world  
Glorious light lend us your might  
We ride towards the Ivory plains as we chant:  
"For Dragonland! For evermore!"

The Lord of Darkness must fall  
Fall with my steel though his heart

I shall banish his night  
You can run but you can never hide  
I'll find you where ever you are  
By my sword you will die

This is our holy crusade of light  
This is our holy crusade of light  
I'm gonna fight you for victory  
This is my golden blade made of light  
This is the war of a century  
Glorious light...
