"I speak to you now, sons and daughters of  
Dragonland, After what may seem to some like  
A lifetime of silence, These words are not my  
own, for I utter the mind of Elsydeon,  
now that his voice can no longer carry  
the fate of his withering race. I bring  
hope to all creatures of our once  
glorious lands. For I speak about the one  
man who still has the power to save our  
world - and of what we must do to find him"

Dark Rumours speak of an evil  
A shadow that devours your soul  
Rising from a being that one with all  
Raised in the halls of the mountains  
To grant them a hope he was born  
Ephemeral one, he was destiny's son  
Now the prophecy is undone

Devious - they say his return is glorious  
hear his name, fear the changes he will  
make

He will rule supreme  
that I know, I've seen it in my dreams  
our world at war will be  
But true hope lies beyond the sea  
To light our path and keep us from harm

Awakened from the century's slumber  
to spread fear across the ivory plain  
a malicious return, now the fates we must  
turn or Dragonland will burn

Treacherous - they say his return is  
glorious  
Fear his name, Dragonland won't be the  
same

He will rule supreme  
that I know, I've seen it in my dreams  
our world at war will be

but the true hope lies beyond the sea  
to light our path and keep us from harm

Solo: Mǎrrck

Devious - they say his return is glorius  
Hear is name, fear the changes he will  
make

He will rule supreme  
that I know, I've seen it in my dreams  
our world at war will be  
but the true hope lies beyond the sea  
to light our path and keep us from harm
