Afraid to see your eyes  
Although I feel my tears have dried  
The stars are on my side  
And I know the reasons why

So you'll leave me now  
But before you say goodbye

Although you're far away  
I know that you will stay  
With me forever.  
No matter that you'll go  
I will always miss you so,  
Miss you so  
Oh, the last word.

Say you won't forget  
How destiny brought us together  
And I hope that you will find  
All your dreams realized

So you'll leave me now  
But before you say goodbye

Although you're far away  
I know that you will stay  
With me forever.  
No matter that you'll go  
I will always miss you so  
Miss you so, whoa.

Although you're far away  
I know that you will stay  
with me forever  
No matter that you'll go  
I will always miss you so  
Miss you so  
Whoa

Although you're far away,  
I know that you will stay

with me forever  
No matter that you'll go  
I will always miss you so  
Miss you so, whoa.

Ohh.
