Jane, I've made it plain  
Although I'm faded as a ghost  
I want you here inside me  
Say the word

Oh, you've been playing nice  
But I can see it in your eyes  
You're thinking, Christ  
He's everybody's girl

You can't spend the night

Jane, I've seen you at the club  
You were tearing up the rug  
With no regard for form  
You're such a brute

You had a ready elbow  
For the girls you hate or just don't know  
You headbutt me  
'Cause you thought it was cute

You can't spend the night  
Yes, I'm sure you're right  
You can't spend the night  
Yeah, I'm sure you're right

You can't spend the night  
Yes, I'm sure you're right  
But we could spend the night together  
Or alone, that will be better

It's Friday night and I ain't got nobody  
Oh, what's the use of making a bed?  
I took something and it feels like karate  
It's kicked me down and left me for dead

Oh, it's Friday night and I ain't got nobody  
So what's the use of pulling the shade?  
I put what I want when I want in my body  
I'm never gonna give what I take

Jane, I've seen the pain you've dealt  
You've been with all my friends  
You tell me guard my heart  
I might get hurt

No doubt you'll hurt my feelings  
And it's a given, I'll be kneeling  
But I'm telling myself  
That it's gonna be worth it, yeah

You can't spend the night  
Yes, I'm sure you're right  
Spend the night  
Yeah, I'm sure you're right

You can't spend the night  
Yes, I'm sure you're right  
But we could spend the night together  
Or alone, that will be better

It's Friday night and I ain't got nobody  
Oh, what's the use of making a bed?  
I took something and it feels like karate  
It's kicked me down and left me for dead

Oh, it's Friday night and I ain't got nobody  
So what's the use of pulling the shade?  
I put what I want when I want in my body  
I'm never gonna give what I take, oh no

It's Friday night and I ain't got nobody  
Oh, what's the use of making a bed?  
I took something and it feels like karate  
It's kicked me down and left me for dead

It's Friday night and I ain't got nobody  
So what's the use of pulling the shade?  
I put what I want when I want in my body  
I'm never gonna give what I take
