Over and over, baby
Making me play this game
If true love waits, it's a big mistake
No need to feel ashamed

When the clock says stop we're all gonna drop
I don't care if we get caught
When the clock says stop we're all gonna drop
I don't care what you've been taught

I say baby, you say bump it
All you wanna hear is Gabriel's trumpet
Clock says stop we're all gonna drop
All gonna drop, all gonna drop

If half of what they say is true
Look at me when I rock with you
If half of what they say is true
Look at me when I rock with you

Sure I know it's apocalypse
But can't it wait till I kiss your lips?
If half of what they say is true
Look at me when I rock with you baby

You make me feel so helpless
I meet you after school
I'm so tired of kissing, shooting and missing
Making me feel a fool

When the clock says stop we're all gonna drop
I don't care if we get caught
When the clock says stop we're all gonna drop
I don't care what you've been taught

I say baby, you say bump it
All you wanna hear is Gabriel's trumpet
Clock says stop we're all gonna drop
All gonna drop, all gonna drop

You never want to give me some
You're gettin' off on kingdom come

Well, if the Lord take you tonight
C'mon girl, you best treat me right

I don't believe in happenstance
So you're gonna give me your last dance
If half of what they say is true
Look at me when I rock with you
Rock with you, rock with you, rock with you

When the clock says stop we're all gonna drop
I don't care if we get caught
When the clock says stop we're all gonna drop
I don't care what you've been taught

I say baby, you say bump it
All you wanna hear is Gabriel's trumpet
Clock says stop we're all gonna drop
All gonna drop, all gonna drop
