Am I too corrosive?  
Am I just too weak?  
Am I too contagious?  
Or am I just a freak?

I wish that I could hold you  
I wish that I could hate you  
I wish that I could hold you  
One more time, just one more time

Am I what you made me?  
Am I what you'll reap?  
Am I all you dreamed of  
Or am I just a creep?

I wish that I could hold you  
I wish that I could hate you  
I wish that I could hold you  
One more time, just one more time

I still see you in my mind  
I wish that I could have more time  
I know that it will be just fine  
All is well now, no need to cry  
No need to cry, no need to cry  
No need to cry, no need to cry

I wish that I could hold you  
I wish that I could hate you  
I wish that I could hold you  
One more time, just one more time

I wish that I could hold you  
I wish that I could hate you  
I wish that I could hold you  
One more time, just one more time  
Just one more time, just one more time
