So, if I rip your skin  
Eating my way deeper within  
So, let me be your sin  
Don't know my face, let me sink in

All of my life, drained of emotion  
I never cried  
(I never cried)  
What am I now, a lack of devotion  
I never tried to stay insane

Why did you leave me?  
Wish you were here  
So, let me be your fears  
Wish it was over, drowning in tears

All of my life, drained of emotion  
I never cried  
(I never cried)  
What am I now, a lack of devotion  
I never tried to stay insane

So, if I rip your skin  
Eating my way deeper within

All of my life, drained of emotion  
I never cried  
(I never cried)  
What am I now, a lack of devotion  
I never tried  
(I never tried)

All of my life, drained of emotion  
I never cried  
(I never cried)  
What am I now, a lack of devotion  
I never tried to stay insane  
(I never tried)

Eating my way deeper within
