Featuring: Lloyd

Spending every moment in the studio
I never said it'd be fair
But when you're all alone
I hope you truly know
How bad I wanna be there

Come right in
Set your bag down
I took a night off for you
Go ahead and turn the lights off
But keep your heels on
and fit in for what I'm about to do
No you aint explaining how you want it done
Just be quiet I'll do fine without your help girl
Can you work without a second
for some fun
Now you finally got a
moment to yourself girl
And I know what to do wit it
I know what to do wit it
I know what to do wit it
I know what to do wit it

(Drake)
oh oh oh oh oh

(Lloyd)
oh oh oh oh oh ohh ooh hey
oh oh oh oh oh
yeah

I've been waiting for so long to get you all alone
Now I finally got you right here.
So baby Imma lock my door

and disconnect my phone
Cuz I wanna make one thing clear
I want you on top
So let your hair down
I took the night off for you.

Girl Im gonna
Turn the lights off
But keep your heels on
To fit in for what we're about to do
