(DRAKE)

This here is on some truthful shit  
It seems like everything I do, your used to it  
And I hate hearing stories bout who you've been with

Swear I gotta hide, what I'm feelin inside  
So you still think I'm confident and dumb

Is this gonna last? Your up on a pedestal  
Are we moving too fast?  
Feel like I'm in crazy competition with the past  
This why I gotta ask, is

anything I'm doin brand new?

Brand new, brand new, brand new, brand new  
Is anything I'm doin brand new?  
Brand new, brand new, brand new, brand new  
Brand new girl
