Uh, yeah, alright

[Verse 1: Drake]

It's a celebration clap clap bravo,  
Lobster and shrimp and a glass of Moscado  
For the girl who's a student and her friend who's a  
model  
Finished the whole bottle...and we gonna do it big like  
this  
Yea and he was just practice,  
He ain't in your world you can take him off ya atlas  
Girl you on fire can I be the one you match with  
I give you a credit card and baby you can max this out  
Show me where ya tats is, show me where ya heads at,  
Maybe I can grasp it  
They say if you get her you can understand her better  
And she known to be a cheater but that's only if you let  
her  
Yea... and I got it together so when they talk  
They try to deter me it's like whatever  
Tell em' I appreciate the help, but I just gotta know for  
myself

[Chorus: Marleik]

Can we be? Tell me can you handle this lifestyle that  
I'm in?  
Been with all these other girls around me, just wanna  
get to know me  
Can we be? I wanna know, I wanna know, I wanna know  
C-Can we be? I wanna know, w-wanna know, I wanna  
know

[Verse 2: Drake]

This lifestyle is foul this shit'll damage her  
Especially when you think no one is understanding you  
These girl groups with they overprotected managers  
Got paparazzi over my shoulders clickin' they camera  
Snap snap snap until they runnin' outta card space  
You remind me of Tony's sister in Scarface  
Just take it easy on love and slow ya heart rate  
Girl there's graces atop but it's such a hard place

Yea... but if you never even been there  
It kinda make sense why you dying to pertain there  
Spillin' all your drinks, takin' pictures in your swimwear  
Head up in the clouds you survivin' on the thin air  
I know that shit is exhausting girl  
And your mistakes are costing girl  
And maybe you don't need the help but I just wanna  
see for myself

[Chorus: Marleik]

Can we be? Tell me can you handle this lifestyle that  
I'm in?  
Been with all these other girls around me, just wanna  
get to know me  
Can we be? I wanna know, I wanna know, I wanna know  
C-Can we be? I wanna know, w-wanna know, I wanna  
know

[Verse 3: Marleik]

So baby say what it is about you  
Have been thinking to spend a day without you  
Girl I hope you're ready, see I'm really busy  
If you wanna be my girl  
Cause babe I'm so curious, you're so mysterious  
So figure what you want, cause this is what you see,  
bein' with me

[Chorus: Marleik]

Can we be? Tell me can you handle this lifestyle that  
I'm in?  
Been with all these other girls around me, just wanna  
get to know me  
Can we be? I wanna know, I wanna know, I wanna know  
C-Can we be? I wanna know, w-wanna know, I wanna  
know
