All night I've been staring,  
Can you tell I want you?  
Can't be too wide open,  
But there's nothing I wont do,  
Oh... Just thought you should know,  
That's when you start to laugh,  
See, I just want what I can't have,  
Wanna give me a chance,  
Claiming I'm just not as serious as you,  
Shawty if you only knew,  
This is serious.

I wish I... wasn't famous,  
I wish I... was still in school,  
So, that I could have you in my dorm room,  
I would put it on you... Crazy,  
Cause when you start to laugh,  
See, I just want what I can't have,  
Wanna give me a chance,  
Claiming I'm just not as serious as you,  
Shawty if you only knew,  
This is serious.
