[Drake Talking]

I don't even need a note pad for this one right here man.

Shut the lights off

Let the mind work ya know

I like to uh

I like to take the time to dedicate this to a special somebody

Guess I'll call her one of my most recent addition to my collection of female disappointments you know

[Verse 1:]

Deceiving you are the reason that

I don't believe in finding the love that I need and

I'm Uncle Phil I switch wifey like every season

So I guess that makes u Ant Viv

Until u take from me till the point that u can't give.

And when I see u out I pass by it's offensive

But what u expect tho

Kinda direct yo

Cuhz all that Dolce and Gabana shit was expensive

I told ya

Mr. Edwards I tried to save your daughter

But she wasn't satisfied with none of the things that I bought her

And wasn't tryna show up none of the places that I brought her

And couldn't utilize none of the things that I taught her

So I was just tryna upgrade you

I ain't ya understudy that tryna upstage you

I was ya other buddy that tried to front page you

Crown you

Get to know the people that surround you

Funny to think that I woulda white gowned you

Cuz Now we sit around the studio and clown you

Oops did I let that slip oh my bad did I let that slip

I can't forget that quick

[Hook:]

Deceiving (you you you you deceiving)

Deceiving (you you you you are so deceiving)

[Speaking]

let me see what im gonna say for the second one yeah
i got it hold on uh

[Verse 2:]

Deceiving you are the reason that
When it gets cold in November seems like it's freezing
And I fit every stereotype that ya'll believe in
Cuhz when I say I'm serious you claim u only Teasin
I plan a trip to the tropics that you missed
So when I'm speakin you only in topic when I'm pissed
And in a couple of years i guarantee you'll be thirsty
And by then I'll be lookin like Tropicana twist twist
What up Tessa I love you like my own mama
And ya daughters getting grown mama
And me I'm just here workin waitin patient
For her to be ready to love and leave her drama
Cuhz I don't really wanna fight no more
And I don't wanna diss niggas when I write no more
And I don't wanna bring chicks to the crib
To watch a flick in the basement on the bed with dim
lights no more
Now I'm losin a feeling
U losin appealing
U need to step it up like prints from shoes on the
ceiling
Oh damn did I let that slip oh my fault did I let that slip
I can't forget that quick

[Hook:]

Deceiving (you you you you deceiving)
Deceiving (you you you you are so deceiving)

[Verse 3:]

My first reaction was damn girl
How did I swing you?
I wanted you forever now I'm something you cling to
But u was my angel, Seems like ya wings grew
Unaware you was outta state doin ya thing to
Sayin to my self u deceiving
You are the reason that I don't believe in finding the
love that I need
And fact I know you always be lyin when u be leavin
Goin to visit family promise me u ain't cheatin
A sure thing just might fail you
Women often conduct themselves just like males do
They huddle in a group and joke about the fact that u a
soft nigga
How u think cuddling with its cute
They laugh at how u think u last when u really don't
And make u think u get the ass when u really wont

And dudes do that and why these hoes stealin it
They doin the same shit with a better job at concealin it
So sign your name on a pre-nup and in initials
She only messin with a rapper if it's beneficial
Opps did I let that slip oh my bad did I let that slip
[Hook:]
Deceiving (you you you you deceiving)
Deceiving (you you you you are so deceiving)

[Drake: talking]
