Drake:

Who's that peeking in my window?
Uh, you should let some more skin show
And if one of these websites git the info, info
We can work it out, no nintendo
I just hit alt, tab
Switchin' in between two convos
I should just call cabs
And bring em' both here to the condo
Yeah, normally it ain't a question
We would cross paths like an intersection
But she just too far away for affection
So I pray that we never lose a connection
Cause I remember Stacy, she probably hate me
She used to threaten she had a man to replace me
She talk that shit, I just hit the escape key
And then she get mad and wanna go and erase me
And I remember Amy, she used to aim me
She stayed up late and used to blame me
She say im too wild, she wanna tame me
I told her even photo shop couldn't change me
But you you you, you got me open girl, why Lie
We ain't even tryna settle so why try
End the night with a kiss and a bye bye
No strings attached, your love is so WiFi

(Bridge)

I love it girl, the way you bring your light into this room
I love it girl, the way your legs light up when you're in
them shoes
I love it girl, the way your lips look after you apply the
gloss
I love you girl
Girl, you look right into the screen and take it off, off,
off

My Digital Girl
Girl [repeat X6]
She's my Digital Girl
Girl [repaeat X6]
Shes my Digital Girl

Jamie Foxx:

My homies never see you but i always got you right
here for me
Tucked in my Luis computer bag,
Where ever you are i could be
I'll type you a messege full of x and o
You shoot me a video and then I blow
Even though I hate this distance,
It keeps me persistent
One day I'll have your ass up in this kitchen

My Digital Girl

Girl [X6]

Shes my Digital Girl

Girl [X6]

My Digital Girl

The Dream:

Not a day goes by
Shawty, with out you in my mind, shawty
Donna Karen underwear, baby
I wanna see what's under there

Kanye:

When you take the picture, cut off your face
And cover up the tattoo by the waist
Let the MC search 'till I reach third base
And when I get home imma hit home plate
Wait, could this be considered our first date
'Ye the picture just looks so trash
Your body make a baller spend ca-cold cash
Plus every good girl wanna go bad
And Playboy mags like Stacy Dash
Or Kim Kardash and be a lady aaaat it
You know what's the crazy thing,
Some girls'll make you wait longer than AC green
Passion of the Christ, 33-year-old virgin
That's disrespectful baby, don't encourage him
I like them brown, yellow, Puerto Rican, or Persian
Dashiki, kimono, or turban
They say I dress white but my swag so urban
Tryin' my look
I hit her with the text said "baby you up?"
Question mark
And she respond yes-s-s-i-râ€™!..Hardâ€™Hard
(Literally, pun-intended)

Girl [x6]

She is my Digital

Girl [x6]

Dreamy, Drizzy, J Foxx, and Yeezy
How does it feel to run the world?
Rhetorical question, hah

(Oh baby I ain't cheating, no no,
I an't lying no no, why you spying on on me?)
