[Sean Garrett]

Junior high, played them High school, played them
...College well, you know... played them Me and my
friends use to laugh about it, how we fade 'em Now
Cupid is aiming his arrow right there at me No more
nonchalance can I be, with you here starring at me With
the most beautiful eyes that a nigga ever seen You pull
an emotional vibe from my Soul, look at me You got my
heart beating like my back is filled with batteries.

[Chorus]

For the first time Im in love, And I wanna tell everybody
And I wanna tell everybody, what i'm feeling For the
first time I feel love And I wanna tell everybody And I
wanna tell everybody the feel...

Drizzy... Drake.

[Drake]

All them men before me did shit I would never do And I
know you got your guards up, but they should let him
through Just keep fightin' for our lovin' baby, I'll defend
it too And if they try and tell me time is money I'd
spend it with you I spend it all I spend it all I charge
forever, to my card And pay it off, no interest lost I be
right here, and like your favorite wine girl, I'm worth
trying, but take it easy on me Cuz this my first time
