I'on think they really ready for my wardrobe
I show up right before the store close
And blow the fee from my last four shows
I do one song and use four flows
She use to be a Christian before...
now all she wanna do is shop for Christian Dior clothes,
Like baby those are cute I adore those
Me and the salesman build a reproso
He understands tha fact that I'm spending off shore
dough
Cash only transactions, homie,
And please no receipts the feds like to explore those
They can't audit if they don't know I bought it
I been doin'it for years homie, thoroughly I've thought it
Through, what it do, I am currently recorded on a track
admitting most of my currency's imported
But too late now, too legitimate to hit 'em with
Lawsuits even if they're crimes that I did commit
Repeat offender, Anita Baker, playin' in the whip as
they pull me over my sweet surrender
I got a Jewish lawyer as my lead defender
A mitchkeit as they say he's a legal bender
And ATF is present every regal memeber
The coalition, we so efficient
You have to be invited or there's no admission
We know tradition
We spend money so don't try to compete if you're in no
position
I wish you would listen,
I take you back to this trial
Where I am about to be home again like New Edition
My foot is just solely meant for the shoe it fits in
Used to record in a basement that Rennie Grew was
piffin'
When pops turned over keys like a new ignition
If Hov is Jordan, I guess I'm cool with Pippen
'til I mention that I wanna play a new position
No team playin', no screen settin'
Because I wanna win games, coach I'm through
assistin'
The take over, the break's over, nigga
And I'm a keep killin' em until the day that Drake's over

The wait's over, the tape's coming
They bullshittin' but I am equipped with great plumbing
The human mentality so eager to hate something
I try to play it off like it ain't jumpin'
And this the predicament that you found Drake in
The condo that I just purchased sound vacant
'cause I have just been sittin' in this cell
Thinkin' what I coulda done to make my first video
ground breaking
And whenever I'm flowing on the mic,
Aside from talkin' 'bout the d I'm throwin' in ya' wife
I treat this one session as if it were my last
And I pretend tomorrow is the day I'm going in for life,
like that

(Drake speaking)

Uh yeah I tell you like sometimes i come in here
put a beat on i mean its just me and 40 you know what
im sayin couple drinks, smokin some of that goodie
you know i come in here like im about to go away
tomorrow, 25-30 years im talkin bout
come in here like its the last rhyme im bout to spit and
after this i never get to record again you know what im
sayin
I think about what everybody's done for me and
anything i ever accomplished myself and i just go and
thats it, that why i called this joint Going in for life
thats how i feel sometimes, I don't even know what else
to say
Its Drake man (yeah)
