Waiting on you for so long, too many days since
January
I'm still sitting here alone, we should have did this
already
Said I got an e-mail today, kinda thought that you
forgot about me
But I wanna hit you back to say
Just like you, I get lonely too

Baby, I could really get to know you
Take my time to show you
Don't tell anybody what we do
When I get lonely
Take me to another place where I'll be face to face, just
you and me
With no rules. Just like you.
I get lonely toooooooo
Oooooh Oh
Oooooh Oh
Just like you, I get lonely toooooooo
Oooooh Oh
Oooooh Oh
Just like you, I get lonely.

Ready for us to get it on
Ain't got a love to call steady
Hope it ain't like that for long
I'll be your friend, if you let me
Don't wanna come on strong, cause too many people
wanna get me
But you know I gotta do, what I gotta do
Just like you, I get lonely

Baby, could really get to know you
Take my time to show you
Don't tell anybody what we do
When I get lonely
Take me to another place where I'll be face to face, just
you and me
With no rules. Just like you.

I get lonely toooooooo

When I get lonely
