bright light, city lights downtown every night,
never has to think twice,
only does what she likes,
what she wants, what she needs,
she's my independent queen!

all right!
she'll be jumping up and down,
trying to fit that ass in.
took her half an hour just to get thatâ€¦
all she wanna talk about is party and the fashion,
i don't know where she's going and i do not plan on
asking at all
cause this baby is free,
and she lets nobody else in except for me!
if her basement is locked, then i swear she would
agree
i'm the only one she loves, there's no copy of the
keyâ€¦

chorus: (x2)
bright light, city lights downtown every night,
never has to think twice,
only does what she likes,
what she wants, what she needs,
she's my independent queen!
what she wants, what she needs,
she's my independent queen!

don't forget that fendi purse that you put all your cash
in,
kinda' hard to concentrate when the cameras are
flashing.
all the dudes suffocate her, i don't wanna grasp in,
don't know where she's going, and i do not plan on
asking at all!
i've never been the type to.. my connection

with nigger that wanna fight over women, that's not
right,
there's too many in the world, homie you could â€¦
but i swear that was my girl, i swear it was my girl!

chorus: (x2)

bright light, city lights downtown every night,
never has to think twice,
only does what she likes,
what she wants, what she needs,
she's my independent queen!
what she wants, what she needs,
she's my independent queen!

yeah, she works hard, but she plays even harder,
all-star weekend and she's been voted my favorite
starter.

â€¦on the back of a jersey, so you won't forget it,
but she shines bright, blind them light
so that.. forget it.

just one life to live, the kind of life i willâ€¦
and if i don't see her tonight, the rest of my life i will
regret it!

she's not perfect, but she's just perfect to me,
like it's a highway, let's ride it, you know in a second
with me1

chorus: (x2)

bright light, city lights downtown every night,
never has to think twice,
only does what she likes,
what she wants, what she needs,
she's my independent queen!
what she wants, what she needs,
she's my independent queen!
