Now call me the joker

cause when i'm on the mic dude it's over
they say i'm off the chain
i'm more like of the meatier, the leader
i get these girls wet like aquafina
now stop, forget all the lies and the rumors
haters mad cause i'm on there mind like a tumor, for
real
i stay on that 808 like kanya
game is like BK, cause i did it my way
fast like lightning,
flows exciting,
stay on my cake like icing, bite me,
i might be the best musician that ever done it,
i run it like insain bone i'm cold like i been buried in the
snow with my
damn shirt on done killing these fools DJ cut the words
off
ok my flows to sick,
somebody call a doctor
make real music and these others are imposters
life is like a movie dude i should win an oscar
got these rappers crying got 'em dreading like a roster
rap game master I will never fail cause this game is like
school
my rymes are show and tell
these other rappers mute cause they ain't saying
nothin
i'm superbad, get more action then Mc Lovin
try to start somthing y'all can never catch me i'm a hit
up in the waist
till you peak in every class
get back when i rap fast cause you a backlash from the
get past of a
get last like an outcast of my own class and i'm so fast,
so fast i'm on
top of my game that it make me mash

Alright the girls all screaming like when obama was

girls say you got flaws but i am perfected
ryhmes never stop it rappers want to top it
styles so clean JayZ want to jock me
what does it take for these rappers not to hate
been stuck to the game like i'm made of scotch tape
i don't mean to get you mad,
i'm just trying to state the truth
i'm attacking all of you, like i'm working for the ****
i don't mean to hurt you dude but i'm your boss now
all you haters stay back, cause it bin to go down
man i'm about to ride it anybody know me
