[Verse 1:]

Uh, when did you get like this  
Least you coulda done is gone  
an give me a warning  
I don't regret like this  
So I'll be right there when you  
wake up in the morning  
Saying, this just ain't my style  
You can't say you're happy either  
You don't even smile, for me

[Chorus:]

Did you agree, we should let it be  
And did you agree, it's a must,  
Let's call the whole thing off  
We used to had enough of us  
Let's call the whole thing off  
We used to had enough of us

[Verse 2:]

When you decided to knock on my door  
Did you remember what happened before  
The look on your face said you  
were expecting more  
But some things look better inside of the store

[Chorus:]

Did you agree, we should let it be  
And did you agree, it's a must,  
Let's call the whole thing off  
We used to had enough of us

Let's call the whole thing off  
We used to had enough of us

[Verse 3:]

Leave me, leave me, I can't fuckin stand you  
Wish I had the courage to say  
everything I planned to  
My girlfriend, my girlfriend,  
call herself my girlfriend  
Tell me that we posed to be

together til the world end  
But, ion really feel that  
I just really wanna turn the wheels back  
Give you all ya sweaters and ya heels back  
Convince you that time will heal that  
Uh, you look for reasons for us to argue  
I swear everytime I call  
You jus tell me how I don't call you  
Why you do that... do that... do that Yeah

[Chorus:]

Did you agree, we should let it be  
And did you agree, it's a must,  
Let's call the whole thing off  
We used to had enough of us  
Let's call the whole thing off  
We used to had enough of us
