Hands down I'm too proud, for love...
Ooh ooh ooh ooh ooh ooh ooh ooh ooh

[Lykke Li & Drake]
Hands down I'm too proud for love
But with eyes shut it's you I'm thinking of
But how we move from A to B
It can't be up to me
Cause you don't know who I was before you
Basically to see a change in me
I'd be losing so I just ignore you, yeah

But you're on my mind, my mind, my mind, my mind,
my mind

But maybe in time, in time, in time, I'll tell you I'm...

[Chorus]
A little bit, a little bit, a little bit in love with you
I guess that I'm a little bit, a little bit, a little bit in love
with you

[Drake]
I know you told me break their hearts
But it's you I wanna take apart
And I will never ever be the first to say it
But still I...
They know I...ah ah ah

[Lykke Li & Drake]
I would do it
Push a button
Pull a trigger
Climb a mountain
Jump off a cliff cause you know baby I love you
Love you a little bit

You would do it
You would say it
You would mean it

Then we could do it

It was you and I and not only I...

[Chorus]

Think I'm a little bit, little bit, a little bit in love with you
But only if you're a little bit, little bit, little bit in
lalalalalove with me

[Drake]

I hope they never find out what they already know,
know, know
As soon as its official we'll have to let it go, go, go
So we don't confirm the fling
Keep avoiding all the questions
You could teach me many things
I'm just scared to learn a lesson

The pressures on
Both hearts beat like a metronome
Both in sync like a Justin song
Feels so right but it's just so wrong
I wonder where my world 'bout
Where niggas that I know tryna talk my girl out
And her friends say I ain't the one to go for
She just get jealous cause you always get approached
more
Oh well, tell her fall back caught up in some more shit
tell her call back
Tell her get a man that ain't cheating on her ass wit a
girl that I know yeah tell her all that, that
And as for you I think I know you're the one
The closest I've come
I'm probably...

[Chorus]

A little bit, a little bit, a little bit in love with you
I guess that I'm a little bit, a little bit, a little bit, a little
bit in love with you

Ooh ooh ooh ooh ooh ooh ooh ooh
