hey girl
do you want my number
that way you can call me
every time i come into town
and then i will
drive up to your house and
take you out to dinner
i dont expect nothin at all

chorus:
but what if we happen to kiss
and we touch
put a rush on it
and get over with
or what if i just know
what you like
and it feels right
then its over with
or if i dont call you back
prove you right
or this last
just one night
(maybe we should slow it down)
slow slow slow
