and after that, imma throw that fuckin young money up
and we can both watch it fall like its bungy jumpinnn
and im so high,
next time we gonna smoke all of the ounce you buy,
ooo!
i almost forgot to blow the candles out

cuz i dont really want to fall asleep and light this house
on fire
good night, i tell my girl to lay down
i see the bottle is full, im bout to drink it way down

What up? what up?
me and pimple bout to do it for the city
what up? what up?
What up? what up?
