well i know i should've checked in last night
but i just couldn't make my flight
the taxi cab well it took some time
because the change wasn't right

well im not ready for some funk soul breakdown
im not here to dance

all alone at the disco
singing words that i don't know
suddenly she disappears behind this other guy not
here

whyd you leave me on the dance floor
i don't know but i want more
your the one thats saying im trying to forget you
tonight

well i know i never should've left your side
left your bed kept the shades drawn
kept the light from the window

so tell me
will i ever get her back
will i ever get her back

you don't have to tell me what i already know

well im not ready for some funk soul breakdown
im not here to dance
all alone at the disco
singing songs that i don't know
suddenly she disappears behind this other guy not
here

whyd you leave me on the dance floor
i don't know but i want more

your the one saying im trying to forget you tonight

its time i turn you around let you know
im looking for love or something again

now im thinking better watch me go
but every time you try to make me stop

all alone at the disco
singing words that i don't know
suddenly she disappears behind this other guy not
here

whyd you leave me on the dance floor
i donut know but i want more

your the one saying im trying to forget you tonight
