Well hey you
Haven't seen you for awhile
And hey you
How I miss your smile
Used to be friends
Used to hang out all the time
Found out you liked him and I lost my mind

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me

So you fell for him
That I couldn't believe
I did my best
I thought you'd see
I'm in love with you
Not much more I can say
I was too scared that you'd push me away

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me

Well I wish
We could just agree
To keep each other
Each other company
And your heart
Has a hold of me
I'm in love with you I just wish we could be

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me

Well you were
You were meant for me
Yes I believe

You were sent to me
When I talk to you
I see doves in your eyes
When you talk to me I just can't reply

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me

Well I never thought you'd say
I can't talk now I'm with him today
Your eyes they shine to me
It's hard to explain how you're so divine to me
