Where did you go when I arrived  
What was that look, saw in your eyes  
nothing is what it appears  
I'm a bit more refined in my recent years

She said I wasn't even here  
She said I wasn't even  
She said I wasn't even here  
She said I wasn't

It's only time  
until you find out  
it's only time  
until you find out  
it's only time  
until you find out  
it's only time  
until you find out

do you believe in things that you hear  
maybe you're wrong  
it isn't clear  
Another excuse for me to ignore  
it's not quite as simple as it was before

She said I wasn't even here  
She said I wasn't even  
She said I wasn't even here  
She said I wasn't

It's only time  
until you find out  
it's only time

until you find out  
it's only time  
until you find out  
it's only time  
until you find out

I'm giving in  
it's coming out

you gave it away  
I'm thinking about  
Not taking it  
you're faking it  
you're such a sad girl  
sad girl  
were did you leave  
why did you go  
what were you thinking  
I'd like to know  
If walking away is all it's about  
Then why did it take so long to figure out

She said I wasn't even here  
She said I wasn't even  
She said I wasn't even here  
She said I wasn't

It's only time  
until you find out  
it's only time  
until you find out  
it's only time  
until you find out  
it's only time  
it's only time  
it's only time  
it's only time  
it's only
